

# Trial Simulator 2.2.2 Requirements

The recommended minimum and supported system requirements are listed below.

## Supported operating systems

The following operating systems are compatible with Trial Simulator 2.2.2.

Compatible Operating Systems	
Windows7 SP1 32 bit	English (United States) or Kanji (Japan)

## Supported FORTRAN compilers

One of these FORTRAN compilers is required to run simulations. Install the compiler before installing Trial Simulator. Note that the Intel compiler requires Microsoft Visual Studio .NET 2008.

FORTRAN Compilers	Included?
Intel FORTRAN 12.1	No
GNU FORTRAN 4.5.2	Yes

## Supported third party software

Trial Simulator saves simulation results in Access databases. Microsoft Access is not required, but is recommended as a tool to compress large databases. Microsoft Office files created by Trial Simulator are created in Office 2003 format.

Supported Microsoft Office versions	Supported Microsoft Office language versions
Microsoft Office 2003, 2007, and 2010	English (United States) or Kanji (Japan)
Microsoft Access 2003, 2007, 2010 <sup>a</sup>	English (United States) or Kanji (Japan)

<sup>a</sup>. Required to open MDB files created by Trial Simulator.

Trial Simulator uses S-PLUS to plot and analyze simulation results. The Trial Simulator CD (or zip download) includes a special release of S-PLUS, version 6.2 for Trial Simulator. This version is equivalent to S-PLUS 6.2 Professional, modified to work as a tightly integrated application within Trial Simulator. Users who have purchased SPLUS 8.2 can also use that version.

S-Plus Versions	Included?
S-PLUS 6.2 Professional	Yes
S-PLUS 8.2	No

### Additional software included with Trial Simulator 2.2.2.

Microsoft Data Access Objects	Trial Simulator requires Microsoft Data Access Objects (DAO) so that it can use Microsoft Jet databases. DAO is included on the Trial Simulator CD.
Microsoft HTML Help version 1.2 or later	HTML help 1.2 or later is required to view the Trial Simulator online help. It is included on the Trial Simulator CD.

### Additional software not included with Trial Simulator 2.2.2.

Adobe Acrobat Reader 10.0 or later	Adobe Acrobat Reader version 10.0 or higher is required to view and print the user documentation provided as PDF files. Acrobat Reader is available free of charge at <a href="http://get.adobe.com/reader/">http://get.adobe.com/reader/</a>
------------------------------------	---

### Minimum hardware requirements

Hardware	Specifications
Processor	2.8 Ghz Intel Core 2 Duo or better
RAM	2 GB or more of RAM
Hard drive space	700 MB free hard drive space

Trial Simulator saves simulation results in a binary file or in Microsoft Jet databases. In the latter case, Trial Simulator uses the Microsoft Jet engine to run queries on the data. Jet databases use the same format as Microsoft Access databases.
